

Login Page Customizer Plugin Documentation

1. Introduction

- **Overview:**

The Login Page Customizer plugin allows you to easily customize the background color of your WordPress login page. Whether you prefer a simple solid color or a stylish gradient, this plugin provides intuitive options to personalize your login experience.

- **Key Features:**

Customize the login page background with gradient backgrounds.

Choose from two types of gradients: linear and radial.

Simple and straightforward interface for quick customization.

2. Installation

- **Requirements:**

- WordPress Version Required: 4.0 or higher

- Compatible up to: 4.8.25

- **Installation Steps:**

1. Manual Installation:

- Download the plugin folder from [GitHub](https://github.com/your-plugin-repo).

- Upload the plugin folder to the ``wp-content/plugins/`` directory of your WordPress installation.

- Activate the plugin through the 'Plugins' menu in WordPress.

2. WordPress Admin Panel:

- Download the plugin as a zip file.

- Go to your WordPress admin panel.

- Navigate to Plugins > Add New.

- Click on the 'Upload Plugin' button and choose the zip file.

- Activate the plugin.

3. Getting Started

- **Accessing the Plugin:**

- Once activated, go to the WordPress admin dashboard.

- Navigate to the 'Login Customizer' menu.

- **Initial Setup:**

- You will find options to customize the login page background color.

- Adjust the colors and gradient type as desired.

4. Customization Options

- **Gradient Backgrounds:**

- Customize the login page background using gradient colors.
- Choose from linear or radial gradients.

- **Color Pickers:**

- Use integrated color pickers to select custom colors for gradient backgrounds.

- **Gradient Types:**

- Linear Gradient: Creates a gradient that transitions in a straight line.
- Radial Gradient: Creates a circular gradient emanating from a center point.

- **Gradient Directions:**

- Select the direction of the gradient:
 - To Right, To Left
 - To Bottom, To Top
 - To Bottom Right, To Bottom Left
 - To Top Right, To Top Left

5. Troubleshooting and FAQ

- **Common Issues:**

- Issue: Background does not update after applying changes.
- Solution: Ensure you have internet access for the plugin to function properly.

- **Frequently Asked Questions:**

- Q: How do I know if my changes have applied?
- A: Visit your login page to see the updated background.

6. Support and Contact
